

## PREADMISSION INSTRUCTIONS

### ON THE DAY BEFORE SURGERY:

#### Pre-Operative Instructions & Electronic Communications

Beginning in February 2026, we will begin sending pre-operative information to your email address and, if you opt in, by text message. Text messages may include appointment reminders, copay notifications, and pre-operative instructions.

Text messages will reflect a short code 54086 (please opt in), and emails from One Medical Passport (OMP) or OneMedicalPassport.com.

One Medical Passport (OMP) will then email you the required pre-operative forms so you may review and complete them at home prior to your procedure. These forms, including the Medication List, are also available on our website and are fillable online.

Please try to complete all required forms in advance as this will make your check-in process smoother, example: the medications list is now fillable on-line. If you cannot, do not worry; we will assist at check-in. If you have any questions, please contact our office at (808) 531-0127.

### ON THE DAY OF SURGERY:

**Only patients with an available driver waiting nearby or prior arrangements to take a taxi will be admitted. You may NOT schedule transportation with Handi-van**

- Drivers are encouraged to remain in the waiting room or nearby. Distance should be within 10-15 minutes to return.
- Drivers will be contacted when the patient is ready to be discharged. The Surgical Suites will attempt to call the driver 3 times. The driver must be available to pick up patient within 10-15 minutes of the call. If there is no response, a taxi will be called for transportation at the patient's expense.
- If you do not have a driver available and are unable to take a taxi, your surgery will be rescheduled.

**Note:** \* First Insurance Center Parking fee is \$1 every half an hour with validation.
